

Make Mealtime Family Time

Cami Wells, (cami.wells@unl.edu), MS, RD, Extension Educator

Family meals allow young children to focus on the task of eating and gives you a chance to model good behaviors. Start eating meals together as a family when your kids are young, and it will become a habit.

Plan when you will eat together as a family. You may not be able to eat together every day but try to have family meals most days of the week. A meal together does not have to be the evening meal. Sometimes lunch may work better for your family. Breakfast together can be a terrific way to start the day – these Super Strawberry Muffins would be a great addition!

Talk together. Involve children in the conversation. Ask questions like:

- If you could invite anyone to eat with us today, who would it be?
- What made you feel really happy today?
- What is your favorite crunchy food? Why?
